Good afternoon,

Please see the attached How to Read Your Member Statement documents for distribution to your employees. These documents were created to assist your employees with understanding their Member Statements. The statements show the members their account summary. The middle section of the statement explains how the fully insured funds from APL and Egyptian Trust funds are allocated toward the member's in network claims. This section also explains their deductible and coinsurance responsibility to them. If your employees have further questions or would like assistance walking through their statement, please let them know Quantum is available to assist them.

Thanks,
Maria
