

EGYPTIAN TRUST

2017-2018 Renewal Increase

The Benefits Committee has recommended the following tiered premium increases to be awarded to all Trust members based on their last 2.5 Year Adjusted Loss Ratio. The adjusted loss ratio removed all large shock claims as all Trust members have always shared in each other's catastrophic claims.

Below are the tiers, the qualifying loss ratios, and the count of Districts in each tier.

Rate Tiers	2.5 Year Loss Ratio Range	District Count
3%	92.9% and Below	70
5%	93% - 99%	18
7%	100% - 104%	6
9%	105% - 109%	9
12%	110% - 114%	3
15%	115% - 119%	5
20%	120% +	25

Below is the renewal increase for your District. The Benefits Committee has asked the representatives at TCOH to provide each District with a one on one assessment of strategy options, especially those that will experience large increases.

Please email TCOHAdmin@tcohealth.com to schedule a review of your District with TCOH underwriters.
