Choose home delivery and also take advantage of . . .

- Exclusive 24-hour access to pharmacists.
- Specialist pharmacists who are trained and experienced in the medications used to treat specific conditions.
- Safety alerts if a new prescription may cause harmful interactions with other medications we know you're taking.
- Automatic refill reminders by email or on our mobile app so you never run out.
- Tips to make taking your medicine easier.

Note: If your doctor prescribes a medication that is not on your plan's preferred list, yet an alternative plan-preferred drug exists, we may contact your doctor to ask whether that medication would be appropriate for you. You'll usually pay less for a plan-preferred drug.
